POINT & GLOBAL HARDWA-
RE LTD

Can you think of a solid material that is workable like wood, pliable like plastic, nonporous, repairable, hygienic and environmentally friendly to boot? Not to worry, DuPont™ couldn't either until its brilliant scientists created Corian®.

Global Hardware Ltd. is proud to be DuPont™'s distributor for Corian® in East Africa. In association with DuPont™ approved fabricators, we will bring to the increasingly sophisticated East African market a product that is not only unique, durable and exceptionally aesthetic, but surprisingly reasonably priced too, allowing you to create the space you always wanted.

Nishal Sodha - Director

ENDLESS EVOLUTION
DuPont™ Corian®

Global Hardware Ltd

From DuPont™ Corian®,
a major innovation for industry and design.

DeepColour™ Technology*

Deeper, more intense
and more durable colours,
improved wear performance
and easier fabrication.

DEEP BEDROCK · DEEP CAVIAR
DEEP ESPRESSO · DEEP MINK
DEEP SABLE · DEEP STORM

DEEP ANTHRACITE · DEEP BLACK QUARTZ
DEEP NIGHT SKY · DEEP NOCTURNE

A new standard in solid surfaces.

On 13th November 2014, Global Hardware hosted 180+ architects, interior designers, quantity surveyors and other professionals from the buildings industry at the Southern Sun Hotel for a product launch followed by some cocktails and canapés. Industry professionals mingled with product specialists from DuPont™ South Africa and got the opportunity to touch and feel the product for themselves. A huge success by any imagination!

If you're a designer, you must know DuPont™ Corian® — famed for its exceptional versatility, reliability, elegance and almost limitless applications for interior environments, whether private or public. Due to its unique properties, DuPont™ Corian® can effortlessly shape itself to almost any design concept. Since its introduction in 1967, DuPont™ Corian® has proved itself to be remarkably durable and

easy to live with. It cannot delaminate and stands well against daily use.

Applications...

- **Kitchens and bath**
- **Workplace**
- **Healthcare**
- **Hospitality**
- **Lighting solutions**
- **Public spaces**
- **Herbs, fish and flower pack-houses**

DuPont™ Corian® was first created as a high performance material for kitchen and bathroom worktops. Now — thanks to its unique combination of functionality, versatility and beauty – DuPont™ Corian® is a leading global brand among surfacing

materials for interior design and architecture. Over the years, DuPont™ has transformed DuPont™ Corian® solid surface into an exceptional design tool for every imaginable application. Kitchens, bathrooms, lighting, furnishing, facades, seating, radiators, home automation and touch control surfaces.

DuPont™ Corian® can be easily thermoformed in wooden or metal moulds at controlled temperatures. Thus, Corian® can take 2D and 3D design shapes and withstand embossing.
